**PASSING AN INFLATED BUCK**  
 Under the heading "We have used the Winnipeg Free Press lately took some back at the Minister of Finance and the Government's economic responsibilities. Mr. Harris (ears the economy will "run away" unless everyone is restrained somewhat, is prudent, and buys Canada Savings Bonds. Restraint, prudence and the buying of savings bonds are all praiseworthy in themselves, but, as the Free Press points out, the Government or its Minister of Finance is in no moral position to demand them.

The Government nowadays is held clearly responsible for the general climate of the economy—whether we have full employment and healthy rising production, or the stagnation that comes with deflation; or the frothy, unsound prosperity that inflation appears to create. The politicians are happy enough to emphasize their responsibility, and claim credit, as long as things are going well, they are adept at turning round and lecturing the public on the duties. They should realize that they do not endanger themselves to the public in the process. All they are doing is confessing a degree of failure in their own policies.

What exactly do we mean when we talk about the Government's responsibility for the climate of the economy—as opposed to either the socialist ideas of complete planning control, or the laissez-faire idea that the Government has no responsibility at all? We mean that national policies—regarding finance, public development, works, tariffs and so on—should create an environment in which the things that individuals want to do in their own interests, add up to the full activity and general progress of the nation.

If the Government gets the climate right, the public can spend and save its money as it chooses, the business corporation can expand or not as it thinks profitable, without advice, or exhortation or control from the Government. Who is the Minister of Finance, or any Ottawa official, who say that a business firm's investment plans are prudent or imprudent? That is for the people who are risking their own money to decide.

We are in sympathy with this way and further believe that if the Government is afraid of inflation and thinks people should have rather than spend, it can set an example by restraining its own expenditures.

## SHORT STORY

### Dead Past

By R. H. WILKINSON

A MAN with a past is a dead weight. Johnny Martin realized this now more than ever.

He felt more in his inside coat pocket and then searched out the other pockets. But he found nothing but Fred's money.

Fred might look into his past. He was sure to find out about that six months in jail.

Six months ago Johnny had hit Hildesdale. He liked the town. Besides the work and the score of his past life there were almost 2000 miles. He got a job as helper with Fred Carson, who ran a tree nursery.

Fred Carson was middle-aged and fat and kindly. He hadn't asked a single question, except what Johnny knew about trees.

Then there was June Stratford. She was probably more reason than Johnny. He liked her. He regretted now that he'd got off telling her about himself, about his past.

Two days later Johnny was with Fred Carson on some one else, and there they were, both trying to make her understand. Only a half-hour ago they had been in the office and they'd talked of the picnic

For perhaps five minutes Johnny stood on the corner of Main and Hill streets trying to decide what to do.

He'd planned for next Sunday. By that time Johnny would be hundreds of miles away. He would be an easy thing to do. He could take a bus up to Owen Sound and then a train.

Down the street Johnny saw the big blue-grey Avon bus coming towards him. He was not used to running away. Automatically he began to make his way out of the crowd.

He dashed across his mind that maybe this was the cause of all his unhappiness—because he had all ways run away from trouble and had the courage to face a thing down, to live it down.

THE AVON bus came roaring up to the corner, to drive locking questioning at Johnny. But Johnny shook his head, turned resolutely, and he headed back toward the nursery.

During the 15 minutes it took him to get there he decided what he was going to do. First of all he was going to tell about losing the money. Then before Fred Carson could do any investigating he was going to tell all about his past and how he came to be in jail.

Fred was in the shop. Johnny stepped in at the back in his employer's eyes. There was something about Fred's expression that provoked apprehension.

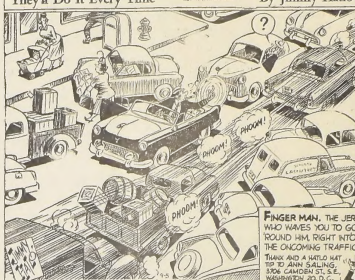

"Look, Mr. Carson," Johnny said. "I just that money. I thought it was in my inside pocket, but when I came to take it out the money was gone. Fred's expression hardened.

"There's something else I wanted to tell you, John," Johnny rushed on. "I've about me. I should have told you long ago, but I just. I guess I don't have the courage. I've spent some time in jail once. When I was in there I met a fellow named Fred Carson. He was a tree nursery man. He was a tree nursery man. He was a tree nursery man."

"You bet, Mr. Carson," Johnny said. "I know about you. You shuck. I know I know since two days after you came to work for me through here who used to know back East. He talked a lot of 'Fred's blue eyes twinkled. 'Now, Johnny, give me an 'get to work. I'm in an mood to argue."

## How Can I?

By Anne Ascher

Q. How can I fit a saved post

picture securely?

A. The picture that is to be  
sent by parcel post two or three  
times, and with separate pieces of  
card. Then tie knots where the  
card corners, if this is done and  
the piece of card breaks the better,  
it will hold the picture.

Q. What can be done in a white

corset that has been soiled

with brown?

A. Fill the corset immediately with  
a cloth dipped in diluted peroxide.  
Then turn the top over it and it will  
be as white as originally.

Q. How can I mend a lace curtain

without burning it?

A. Try ironing a piece of starched  
iron over the hole, instead of darning

**Sportswear For Men Shows Few Changes**

Sportswear for men this fall will make use of what we observed last year... only more so. For example, the suburban coat or flannel-length coat, was popular in some areas in 1955. This year, the manufacturers are hoping to do so well elsewhere.

There will be more wide shorts around, too... made of wool and wool blends for the cooler weather. As for slacks, linen emphasis is still on the dark shades. In sports coats the most popular material is still the one with two-tones. Then comes the three-button jacket. The key model is a poor third and in last place is the four-button model.

The POST LINDSEY, OATFORD, SEPTEMBER 29, 1955

the bulky look. There will be a wide assortment of collar styles, too, with wide and brown-blue combinations. The key crew neck, the squared crew neck, the square shirt, the collar that drapes over the back. Then there's a modified shirt collar... and a modified turban collar. There will be new for slacks sweaters, also, and two and four button shirts.

The colors will feature lighter and medium grays and which heavier shades of color style lines, will be popular, too, along with beige and brown-blue combinations. Another member of the sweater family is the double-breasted vest. It comes with a wide collar and wide collar. Men also will be able to buy a fairly wool pullover with a deep neck that has a three-button closing and above it, a modified vest.

As for short jackets, often feature a moving in from the woman's outerwear field. This style is light, warm and washable, and it comes in such colors as red, white, grey and charcoal. This year's crop of leather jackets will feature styles with Italian collar and button fronts... in navy, knit cuffs and saddle-bag pockets.

On the more unusual side... we have a suede jacket that has a back strap. All one manufacturer put it "The back strap goes on everything but undergarments this year." And another unusual item is the really extreme double-breasted suit. It has a single button on one side.

When Mrs. Wilson planned to go shopping, her husband Tom said: "Meet you at the bank." It was a natural thing to say, for going to the bank is just a part of everyday life.

In the bank, Mrs. Wilson noticed Miss Ellis the schoolteacher . . . Mr. Cooper the storekeeper . . . and her neighbour's son Bobby, adding to his savings account.

When Tom arrived, he grinned: "Seems like everybody goes to the bank." It's true. Canadians find the chartered banks such a safe and handy place to keep money that practically everybody has a bank account. There are now more than 10 million deposit accounts in the chartered banks—more accounts than there are adults in the country.

## Editorial OF THE DAY

THE "HOSPITAL PLAN" COMPANIES  
SHOULD BE GOOD BETS

Many people believe that the various hospitalization plans being sold in Canada, and particularly in Ontario, are in a large measure responsible for overtaxing hospital facilities all across the nation. In most instances these plans are sold with one objective in mind—to make money. That these multiple companies engaging in this form of insurance do make money seems to be apparent because there has been no press notices of any of them going into bankruptcy.

Isn't it reasonable to assume that since these companies make their money out of selling insurance, which ensures people a more or less expense-free passage through hospital, they should be vitally interested in seeing that hospitals can accommodate all their customers? If this is so they should be excellent prospects for substantial contributions to the Ross Memorial Hospital Expansion Fund. Agreed? They would, however, undoubtedly require an undertaking from the hospital board to the effect that immediate expansion to the extent of the campaign funds be started after the campaign's close.

Concrete river weights, each weighing 6,000 pounds, are shown being placed around the 24-inch pipe on the Trans-Canada Pipe Lines natural gas line construction in Saskatchewan. The weights are used to hold down the line where it

passes through swampy terrain or sloughs. At the water hole near Chaplin, Sask., about 50 weights were placed around the pipe before it was lowered in the ditch and buried.

## HOGS

Have you the time and space to take care of some pigs? Could you use some extra money made from marketing hogs? With the price of pig feeds at a new low and no sign of rising prices, maybe this is the time for you to get in. If you have to buy your own pigs, the price is NOW LOW. And if you have your own pig, considering the price you can get for them it would be better to raise them yourself now we are in a position to help you.

PURINA FEEDER FARM will finance the pigs and feed for PURINA FEEDERS until the pigs go to market. At the present time we have a limited number of pigs to put out on this plan, so if you are interested call or phone us. We are in the FEED BUSINESS not the HOG BUSINESS and the PROFIT from these pigs goes to you—SEE US NOW—No Interest Charge.

HAVE YOU GOOD WEANED PIGS FOR SALE? IF SO SEE US NOW

PROFITS? OR ARE YOU BEING ROBBED

Some of the causes are... WORMS. The waste pollution worms the mother feeds... once at two weeks and again before leaving the PURINA CHECK-TOX GRANULES or POULTRY WORM. ER — both are complete feeds with the wormer added, no eating of pellets needed... LAYING HOUSE PESTS. Mice — Lice — Fleas — Beetles — Bury the house with PURINA INSECT OIL. Give your piglets a chance to make you a PROFIT... It is up to YOU!

**A BIBLE THOUGHT FOR TODAY**  
 And he came and dwelt in a city called Nazareth. Matthew 2:1  
 It was said recently, can you imagine a man of God who would not dwell in a city called Nazareth? Well a boy grew up there and learned from the area of the land, the time, the name that comes to the first farmers and the ungodly. He was not in the world ever taught so much as a boy learned from the fields and woods. Learning to the great about the Town of Nazareth that first and new some boyhoods of the world a full of wisdom if we could see it.

## Lindsay Couple 40 Years Wed, Feted By Family

A very pleasant surprise party was presented today for the Lindsay couple of 78 Ontario St., W. Lindsay, by their three daughters on the occasion of their wedding anniversary.

Mrs. and Mrs. Douglas were invited to the home of their eldest daughter, Mrs. Bruce Barlow, Lindsay, and upon arrival were greeted by Mrs. Douglas' father brother and sisters of Toronto and other friends including Mr. and Mrs. Ken Scuderi and Elizabeth of Oshawa and Frances Douglas of the Hospital Staff, Lindsay.

Some twenty friends attended and after many hearty greetings and well wishes a delicious lunch was served. Then about 25 old neighbors and friends returned to receive congratulations and good wishes. Mr. and Mrs. Douglas were the guests of honor.

Mr. Douglas on behalf of Mrs. Douglas and himself, thanked his one and only wife for their untiring effort, to make this party such a pleasant event and expressed appreciation of the volume of many neighbors from Oshawa, Victoria, Clinton and Oshawa, to receive fond memories and bring greetings.

Mr. Ken Scuderi took several photos of the honored couple including one of the couple married the same day 40 years ago and also one of four couples married in the same year.

Mr. and Mrs. Douglas after their marriage in 1918, took up residence in the Douglas home on the town line of Brock Township. Here they have happily received and valued citizens of the Victoria, Clinton and Oshawa, and are active in the Victoria, Clinton and Oshawa churches, always interested in projects of community welfare. It was just one year ago that they had the first time when they had reached 35 years, and took up residence in Lindsay.

Mr. and Mrs. Douglas' ardent lovers of garden and flower culture, for which their former home home was famous, have, in establishing their home in Lindsay added much to the town's welfare and beauty.

## AT THE BOWLING ALLEYS

## A black and white photograph of a smiling man and woman, likely a family, looking at a large sign that reads "Money saving VALUES". The man is on the right, wearing a suit and tie, and the woman is on the left, wearing a dark jacket over a light-colored blouse. They are both looking towards the camera with pleasant expressions. The sign they are holding is large and bold, with the word "VALUES" in a particularly large, stylized font. The background is dark and indistinct.

## All Sunderland Shocked When Son Of Pit Owner Killed By Sand Loader

A simple mis-step on the part of a young Sunderland man was being investigated as the cause of his tragic death about 11 a.m. Friday. According to witnesses at the scene, 19-year-old Adrian Hendrick inadvertently stepped on a release lever of a Michigan loader he was operating, causing a scissoring motion of the machine's arm against the truck which instantly crushed his life.

The young man, who was the son of Mr. Arnold Hendrick, the owner of the firm of Sunderland Band and Grevel, had reportedly been operating the loader, and for some reason immediately unconscious, witnesses said he was climbing the arm of the loader when he accidentally stepped on a release lever which caused the huge arm to move and crush him against the frame.

It is reported that the father was not one of the witnesses to the tragedy.

### "IT'S OUR HOSPITAL - IT'S OUR RESPONSIBILITY"

# IT'S IN US!

... TO SEE THAT ADEQUATE FACILITIES ARE PROVIDED FOR US - FOR OUR FAMILIES - FOR OUR LOVED ONES!

BECAUSE, today, just for example, 9 out of 10 babies are hospital-delivered, whereas in 1932 all but one in every 100 Lindsay babies were born at home.

This in itself is adequate proof that today the hospital picture has altered beyond all recognition!

... FOR INSTANCE, did you know that 60 years ago only one in every 65 people received hospital treatment in any given year?

TODAY — in 1956, one in every six persons is admitted to a hospital bed EVERY year.

These are but two reasons why ALL of us will benefit by the construction of our proposed New Hospital!

## THIS IS WHY YOUR HOSPITAL CAMPAIGN NEEDS A MINIMUM OF \$400,000 IN INDIVIDUAL VOLUNTARY CONTRIBUTIONS

HOSPITAL CAMPAIGN STARTS OCT. 1
